Whether you are a,

- school leaver
- family member
- seeking to increase first responder skills
- looking to change careers
- or back packer seeking short term work,

Summer Holidays are the best time to attend a [First Aid Course Melbourne](#).

Edway Training's First Aid Course Melbourne can offer pathways to a whole range of different careers. And it might just give you the skills to be able to manage any accidental injuries suffered by your friends or family members this summer season.

## School Leavers

Help yourself stand out in the crowd of other applicants hunting for the same job you are – have your First Aid Course Melbourne certificate on your CV. Most employers look for applicants who can demonstrate an awareness of other workers well-being, and who can demonstrate their maturity and responsibility. And there's not much that says '*I think ahead*' more than having your first aid certificate. Check us out on [Facebook](#).

## Family Members

It's summer, and our Australian tradition is to get outside and enjoy the great outdoors. Swimming in pools, hitting balls, climbing, drinking, enjoying the barbie – in Melbourne we wait all winter, just to get out and enjoy the sun over the summer season. Unfortunately, what can also happen is the rate of accidents also increases over the summer months. Be the 'responsible person' this summer, make sure you have the skills you need to be able to manage all the little cuts, burns and broken bones that might happen as your friends and family enjoy their time off work, school and childcare.

## First Responder

Let's face it; there are just some of us who simply care about other people and enrol in our First Aid Course Melbourne just so they know what to do if they are the first responder at an accident. Usually they're the same people who are in the SES, CFA and other community groups. Don't experience that sinking feeling as you stand by watching someone suffering and you don't know what to do to help them. Attend one of our many first aid courses scheduled over the summer period in the New Year.

## Career Changer

The *break* from work over Christmas/New Year's holidays can be a period of reflection; time to think about the year that's been and new challenges. Don't go into the New Year stuck in a job that's unrewarding – take your first step towards a new area of work in a more caring vocation, attend Edway Training's First Aid Course Melbourne. Child Care, workplace first aid officer, law enforcement, swimming attendant, OH&S officer – there is a huge range of occupations that require First Aid Training. Keep the momentum going – enrol in one of our courses.

## **Backpackers**

Picking up work in Australia is usually pretty easy, but finding rewarding short term employment can be a little bit more tricky. Not only can having your First Aid Course Melbourne certificate open up a whole other range of more responsible jobs, it can also give you the skills you need to care for your fellow backpackers accidental injuries. We know backpackers generally like to live their life to the full, and can sometimes place themselves in risky situations. Wouldn't it be nice to know that if one of your compatriots pays the price for doing something a little bit silly, you have the skills to manage their injuries? Follow Edway Training on [Facebook](#) and [Pinterest](#) for more other information about this and other training options.

Edway Training's First Aid Course Melbourne only takes up one day of the summer season. You could learn nearly every skill you need to handle all the minor injuries that summer outdoors living brings. [Click here](#) to find out more about Edway Training's First Aid Course Melbourne.

**To enroll, or find out any other information concerning our One Day First Aid Course Melbourne - contact our Nationally Recognised Training Organisation - [Edway Training](#). Call us nationally on our 1300 663 350 hotline, like us on [Facebook](#), Email [info@edway.edu.au](mailto:info@edway.edu.au), or simply fill out the form on our [Contact Page](#)**
